 For use in forming strong
 Meets Fed. Spec. #GGG-V.
 Wire Rope Capacity: 3/8" to
 Base Dimensions: 19-1/2" x
 Weight: 70 lbs.

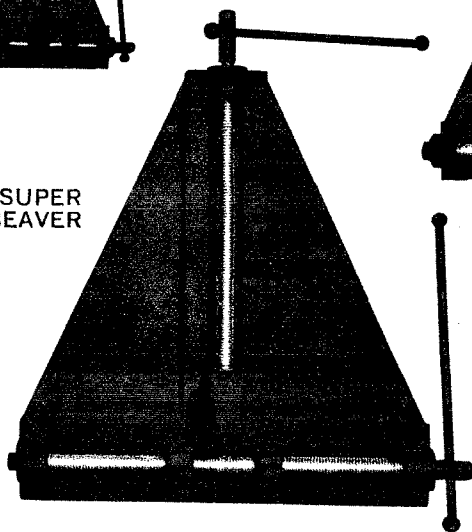

LITTLE BEAVER

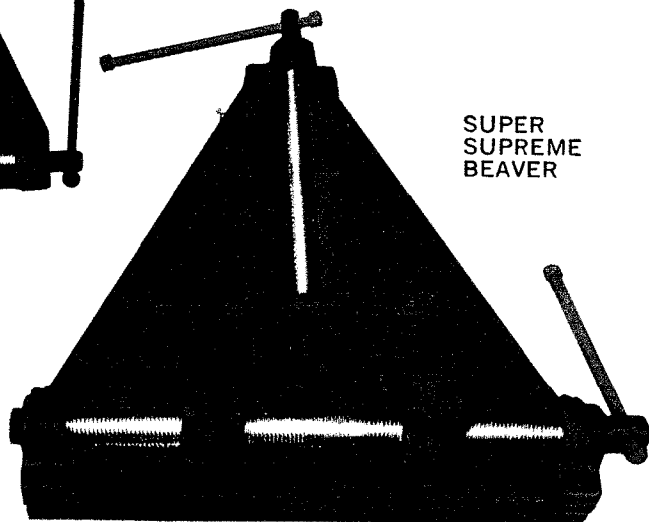

BIG BEAVER

SUPER BEAVER

SUPER SUPREME BEAVER

Available in Sizes as Pictured

Meeting all standard federal specifications, the Portable Riggers' Forming Vise is in widespread use wherever cable and wire rope is in use or handled. Patented jaws hold and snug cables and wire rope from 1/16" to 3 1/2" inclusive without adapters. Slots in the base are dovetailed to accept dovetailed jaws. The base is drilled with four 5/8" holes for mounting in flat or horizontal position. Acme threaded screws provide easy operation and positive action and extreme strength. Rigid construction assures durability. Invaluable for forming cable or wire rope around thimbles or fixtures, making slings for either splicing or "U" bolt clamp or clip installations.

	Front Jaw Spread	Base Dimensions	Wire Line Capacity
SUPER SUPREME BEAVER	to 23"	35" x 37"	1 1/2" x 3 1/2"
SUPER BEAVER	to 23"	35" x 37"	1 1/2" to 2 1/2"
BIG BEAVER	to 9 1/2"	19" x 19 1/2"	3/8" to 1 1/2"
LITTLE BEAVER	to 4 1/4"	10" x 11 1/2"	1/16" to 3/4"
