

# CONTAINMENT BOOMS

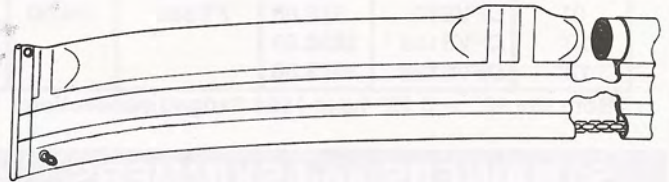

**RIVER BOOM**

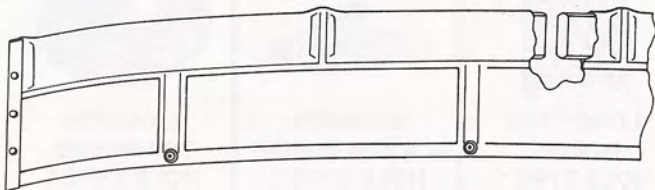

**PERFORMANCE BOOM**

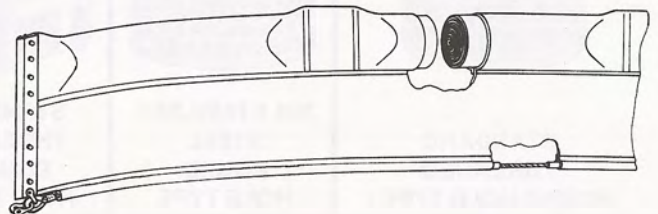

**CONTRACTOR BOOM**

**4 x 6 BOOM**

**FENCE BOOM**

**HARBOR BOOM**

## Oil Spill Containment Booms

Boom	Float Size	Draft	Wt./Ft.	Cube
4 x 6	4	6	.9	6 ft. <sup>3</sup>
Performance	6	12	1.6	31 ft. <sup>3</sup>
River	6	12	1.9	31 ft. <sup>3</sup>
Contractor	7.5	12	1.9	33 ft. <sup>3</sup>
Fence	6	12	1.1	21 ft. <sup>3</sup>
Harbor	12	24	2.7	58 ft. <sup>3</sup>

Although the Containment Booms listed are standard, we specialize in custom designing specific booms to solve unique problems. What this means is that our standard designs are available with a variety of fabric options, flotation sizes, load-bearing and ballast members, connectors and lengths. When a variation on a standard design won't work, we design to meet the requirement.
