

RESPIRATORY PROTECTION

REPLACEMENT PARTS

	Code No.
Filter Retainer Cap (All Units)	088
Head Band Set (Half Mask)	089
Exhale Valve Seat (Half Mask)	090
Exhale Valve Cover (All Units)	091
Exhale Valve Flap (Half Mask) or	092
Inhale Valve Flap—Nose Cup (Full Face)	092
Inhale Valve Flap (All Units)	093
Head Band Harness (Full Face)	096
Spectacle Mount (Full Face)	097
Lens Protector (pack of 25) (Full Face)	098

Code 088 Filter Caps are furnished with Code 290, 292, 294, 295, 790, 792, 794, and 795 Respirators only. Must be separately ordered for other Respirators if Pre-Filters will be used.

EXPLODED VIEW OF CODE 294 RESPIRATOR

Do Not Use Eastern Respirators Against These Substances. This Is Not To Be Considered a Complete List.

Acrolein	Mercury all forms except alkyl
Acetaldehyde	Methyl alcohol (methanol)
Allyl alcohol	Methyl bromide
Allyl chloride	Methylene bis (4-cyclohexylisocyanate)
4-Aminodiphenyl	Methylene bisphenyl isocyanate (MDI)
3-Amino 1,2,4-triazole	Methyl chloride
Aniline	4,4' Methylene dianiline
Antimony trioxide production	Methyl Formate
Arsenic-trioxide production	Methyl Hydrazine
Arsine	Methyl iodide
Benzo (a) pyrene	Methyl isocyanate
Benzidine	4,4-Methylene bis (3-chloraniline)
Boron tribromide	β-Naphthylamine
Boron trifluoride	Nickel carbonyl
Bromine	4-Nitrodiphenyl
Bromine pentafluoride	Nitrogen oxides
Bromoform	Nitroglycerin
Carbon monoxide	Nitromethane
Chloroacetyl chloride	Nitrosamines
Chloromethyl methyl ether	n-Nitrosodimethylamine (dimethylnitrosoamine)
bis-Chloromethyl ether	Osmium tetroxide
Chrysene	Pentaborane
Cobalt carbonyl	Perchloromethylmercaptan
Cyanogen Chloride	Perchloryl fluoride
Dianisidine	Phenyl-beta-naphthylamine
1,1-Dimethylhydrazine	Phenylphosphine
1,2-Dibromoethane	Phosgene (carbonyl chloride)
Dichlorobenzidine	Phosphine
Dimethyl carbamyl chloride	Phosphorus oxychloride
Ethylene Dibromide	Phosphorus trichloride
Ethylene Oxide	Propane sultone
Ethylenimine	Stibine
Germanium Tetrahydride	Sulfuryl fluoride
Hexamethyl phosphoramide	Tetryl
Hydrazine	o-Tolidine
Hydrogenated terphenyls	Toluene-2,4-diisocyanate (TDI)
Hydrogen cyanide	Vinyl bromide
Hydrogen fluoride	Vinyl chloride
Hydrogen peroxide	Vinylidene chloride
Hydrogen selenide	m-Xylenes, o-o-diamine
Hydrogen sulfide	
Iron pentacarbonyl	
Isophorone diisocyanate	
Ketene	
Mercury (Alkyl compounds)	

Code No. 928-X NUISANCE DUST MASKS

Non-toxic Particle Mask provides dependable relief where workers are exposed to nuisance dusts and powders and wherever approved respiratory protection is not needed. Worn by carpenters, sanders, grinders, lab technicians, shop students, etc. 50 per box, 600 per case.

Not for use against toxic dusts and vapors!
Not for use in spray paint operations.

Popular priced masks for protection against non-toxic dusts and mists. Filters easily replaced.

Code No. 505 KLEEN-AIR MASK

Pliable lightweight plastic frame molds to facial contours. Very comfortable. Furnished with new improved specially treated filter for easier breathing and added protection. With sanitary face-cloth.

Code No.	
506	Replacement filters, 25 per box
094	Replacement headbands, 25 per box
095	Replacement face-cloths, 25 per box

Not for use against toxic dusts and vapors!
Not for use in spray paint operations.
